### Superintendent's Highlights

The Midvale School District continued its goal to focus on curriculum development, assessment, and accountability. By using curriculum development software, our K-12 staff reviewed and adapted our curriculum to meet state standards. The district will be using the ISAT testing to assess student/teacher success and areas of weakness.

The "Accelerated Math" program continued with great student/teacher excitement and achievement.

Midvale applied and was awarded a few federal grants, one of which provided funds to improve the school environment. New sidewalks were laid, wall insulation and exterior siding with new supports for the south and west high school building foundation were completed, as well as a handicapped ramp added that provides access to the majority of the high school classrooms. Other federal grant monies will be used to hire additional staff in specific curriculum areas to assist students who struggle in those areas.

### Progress Towards Meeting District Goals

#### 2001-02 Goals

#### Progress

Emphasis on a sequenced curriculum that is aligned with district and State standards.

This goal will be completed in the 2002-2003 school year.

Emphasis on facility improvement.

Improvements were made to the main high school building exterior on the south and west side. The improvements included insulation in the walls, new siding, additional concrete support for the foundation, new sidewalks, and a handicapped ramp that provides access to the majority of the high school classrooms.

Continued emphasis on teaching/achievement of basic skills and personal integrity.
